

Readiness of Emergency Departments for Pediatric Patients and Pediatric Mortality: A Systematic Review

APPENDIX B. Articles excluded based on full text review during initial and June 2021 updated screening and reasons for exclusion

Table B1.

Study	Reason for exclusion
Barata et al., 2020	Wrong intervention, intervention was pediatric emergency care coordinators and pediatric emergency medicine director
Bernard et al., 2014	Wrong intervention, intervention was thrombolysis in pediatric stroke preparation
Burt et al., 2007	No relevant outcomes
Gausche-Hill et al., 2014	Full text not available (abstract only)
Gausche-Hill et al., 2015	No relevant outcomes
Myers et al., 2019	Full text not available (abstract only)
Remick et al., 2016	No relevant outcomes
Remick et al., 2019	No relevant outcomes
Rice et al., 2016	Full text not available (abstract only)
Rutledge et al., 2019	Full text not available (abstract only)
Smith et al., 2016	Wrong study design, review article
Whitfill et al., 2018	No relevant outcomes
Whitfill et al., 2020	No relevant outcomes

Table B2.

Study	Reason for exclusion
Ames et al., 2020	Wrong publication type, erratum
Auerbach et al., 2020	Full text not available (abstract only)
Abulebda et al., 2021a	No relevant outcomes
Abulebda et al., 2021b	Wrong intervention, intervention was pediatric emergency care coordinators
Balmaks et al., 2020	Already included in initial search
Barata et al., 2020	Wrong intervention, intervention was pediatric emergency care coordinators and pediatric emergency medicine director
Delele et al., 2021	No relevant outcomes
Foster et al., 2020	Wrong study design, correspondence
Millogo et al., 2021	Wrong population, not in acute or urgent care centres/EDs
Newgard et al., 2020	Full text not available (abstract only)
Stys et al., 2020	No relevant outcomes
Tan et al., 2020	Wrong study design, retrospective chart review
